

Minutes for Recovery Event (March 1, 2021 – March 31, 2021)

During this event participants racked up minutes of any kind of activity! Everyone had fun participating and submitted all their times on the Minutes for Recovery website. **Hope to see you all in June either in-person or virtually for the final leg of our Trifecta!**

Michael Edwards formally of Carson Valley now residing in France won the most minutes at a whopping 85.54 hours and will enjoy the grand prize of a \$100 Amazon Gift Card. Michael enjoyed hiking the French Mountains and the Alps as he earned every minute of time while supporting Tahoe Youth & Family Services.

The **Breza Team** won the Team Challenge with the most minutes at 155.51 hours. They will each receive a gift certificate for lunch at Subway's. What an amazing collaborative team effort while supporting those in recovery for Tahoe Youth & Family Services.

Kudos to the **Carson Valley Medical Center** who partnered with us for the entire trifecta supporting our efforts by having two teams participate. Yeah, CVMC!

Kudos to the **C.O.D. Casino** who advertised our event on their marquee all month long! No one in Carson Valley could have said they never heard of our Minutes for Recovery Event!

A heartfelt thanks goes out to all the local businesses, volunteers and board members who helped make the second leg of our Trifecta successful!
